Horse Number and Name	Track	Race #	Suggested Bet type	Suggested Units	Why do we like it?	SST Confidence Rating
#5 Avista	Randwick	3	WIN	1	3rd up, looking for 3 wins in a row, last start it won effortlessly in BM66 grade, sectionals showed sharp burst 600-400m then cruised home to win under little to no riding, up in class but drops 2kgs to help offset, has plenty of room to move in its rating, back to 1400m looks ok given has won over 1300m previously. Clearly has talent and sectionals produced indicate can win at BM72 level.	High
#4 The Mona Lisa	Randwick	5	EACH WAY	1 (0.5 EW)	Having a super preparation, won very well last start in BM72 grade at the same track and distance (Randwick mile), noted up to BM78 level here and drops 0.5kg, 3 times a winner at the track and distance, speed map doesn't look too bad and should be able to sit outside lead, sectionals last start showed good kick from 600-200m. Track and distance specialist, in great form and will run well up near the pace.	Good
#1 Angel Capital	Randwick	8	WIN	1	1 st up where has won 4 times prior, coming off nice trial running next to elite horses in Sir Delius and Autumn Glow, has solid group 1 form around Jimmy Star and Jigsaw, needs the tempo on and should get that here with multiple go forward horses in the field, the highest rated horse in race under set weight conditions. Any tempo and will be sprinting home very hard and is well suited at set weights here.	High
#1 Mareth	Randwick	9	EACH WAY	1 (0.5 EW)	1 st up where has won previously, comes off nice trial where it ran next to good horses in Hello Captain and Cross Tasman, gets in ok with 56.5kg after the claim, best form is on drying tracks and will get that here given the forecast, back in grade here after racing in stakes races all last preparation. Progressive type that finds a suitable assignment dropping back to BM78 grade.	Good
#3 Columbia Blue	Randwick	10	WIN	1	3 rd up, strong win last start over 1200m, stays at BM78 level and also the 1200m here, draws well to get a midfield run with cover, sectionals showed good acceleration 400-200m last start, expecting a similar run. Talented horse that has proven it can win in this grade over 1200m.	Very High
#8 First Chorus	Caulfield Heath	8	WIN	1	Racing well this preparation, looking for 3 wins in a row, sectionals show a solid 800m sprint last start near the pace, draws well here in barrier 6 to get another race somewhere just behind leaders, stays down in the weights with 53.5kgs after the claim, up to 1800m looks ideal, will get its favoured soft conditions. Proven winner in this grade and in these conditions.	High
#1 Livalittle	Eagle Farm	7	EACH WAY	1 (0.5 EW)	3 rd up, super win last start showing blistering turn of speed to run down Automne Tree who it meets again here, same track and distance, enjoys a 3kg clam, sectionals last start showed brilliant turn of speed from 600-200m, draws wide barrier again but will get back and there should be tempo on given expected leader is drawn wide. Very similar standard race and profile to last start and proven at the track and distance.	Good
#4 Pereille	Eagle Farm	9	PLACE	1	Racing consistently, very good run last start in listed grade where unlucky not to win, sectionals showed very sharp last 400m, draws wide here but will get back and run on as per its usual pattern, will find this a bit easier. Talented horse that can run on into the placings late as per normal pattern.	Good
